

WWEC
EXECUTIVE BOARD MEETING
Dec. 1, 1976

Present: Paul, Doc, Bob, Ed, Bill, Jim, Rick and Barb.
Absent: Dr. Sederholm, Jonelle.

Discussion for the need of new cart machines:
cost of 2 machines is \$1400
3 machines stacked is \$1600
with discount the 3 machines would cost \$1524.00 approx.

Martin's Electric is to be contacted concerning the problem of reception in Schlosser and Founders. Depending on the cost to fix the reception, we will purchase the cart machines.

The new tuner we purchased was not needed. We now discovered that the other two tuners work.

Surveys were distributed to Rick (Bräuser and Ober), Barb (Founders) Bob (Schlosser and Royer). There are to be given to the RAs and returned as soon as possible.

The station sounds good with the new ads and jingles between music.

Next meeting is Wednesday, Dec. 8, 1976 at 4pm.
